

Building Renewal Grant Application

Initial Submission Date: 6/6/2013 4:10:18 PM

Application ID: 597

Resubmittal Date:

Please provide as much of the requested information as possible. SFB staff will assist in developing required information that is not currently available.

District Name: Elfrida Elementary District
Superintendent: Victoria L. Brand
Contact Person: Victoria L. Brand
Contact Phone Number: 520-642-3428
Contact Email: vicki.brand@elfridaelem.org
School Site: Elfrida Elementary School
Buildings: 1013 Cafetorium

Description of Problem

Please include a detailed description of the issues, as well as a description of and a copy of any professional studies, citations or reports from government entities, recommended solutions, and any cost information or estimates. If additional space is needed, please attach.

On inspection we noticed the cafeteria roof had surface cracking at the curbs and drain area. Base flashing is "crazing" and needs coating. There are some penetrations which need detailing. The original emulsion is too thinly coated and has areas that were never coated from the original contractor. Areas of the roof are beginning to delaminate. Our project would entail cleaning the existing roof, repairing the defects and penetrations. Application of 1 coat of APOC 300 at a rate of .75 gallons per 100 SF. Then coat with APOC 400 at a rate of 1.5 gallons per 100 SF.

Project Category: Roofing

Are any of the above-described issues in buildings or part of buildings that are leased to another entity, including a district sponsored charter school? N

Available Funding

Current unencumbered building renewal fund balance (Fund 690):	\$0.00
Amount of Local funds planned for this project	\$0.00

Please outline any associated insurance coverage.

This project is not covered by insurance. Our building renewal funds (\$26,000) are being used this summer to replace flooring in 1 classroom and an air conditioning unit in our computer lab which is failing and a pump on our well so we do not have extra to put toward this project. In fact I am worried we will not have enough to do these urgent issues.
